FISCAL YEAR 2012 PROGRAM GOALS

Implement a mandatory Medicaid-only provision for new applicants to qualify for the Community Care Program, effective July 1, 2011. Current clients will be grandfathered in. This will ensure the availability of services to the most vulnerable and the efficient use of public resources.

Eliminate the Circuit Breaker Program which is budgeted in fiscal year 2011 at \$24.2 million in General Revenue.

Maximize Medicaid receipts. In collaboration with the Departments of Healthcare and Family Services, and Human Services, the Department on Aging is working on various initiatives to leverage federal Medicaid receipts which include: allowing clients to use their Community Care Program expenditures to count toward spend-down, enrolling more clients in Medicaid, and administering a reliable system to allow daily billing for providers which allows the state to secure increased claims for eligible services.

FISCAL YEAR 2012 REDUCTIONS

Community Care Program

Shifting to a mandatory Medicaid only eligibility would save an est. \$13M

Circuit Breaker/Pharmaceutical Cares R/x Program

Eliminating the Circuit Breaker/Pharmaceutical Cares R/x Program would reduce GRF spending \$24.1 million.

20% Grant Reductions

Reducing any non-Medicaid matchable programs by 20% saves \$2.8M

Implement Driftwatch, a web-based tool that aids in the protection of pesticide-sensitive crops.
Driftwatch allows organic and specialty growers to enter the location of their fields into a database that pesticide applicators can consult to avoid spraying sensitive crops.

Grain Inventory Accountability Program will improve the efficiency of warehouse examiners to enable an additional focus on financial reporting.

Coordinate the Australia Food Show

Recruits Illinois grocery and agricultural producers to the Australia based trade show in partnership with the Department of Commerce & Economic Opportunity.

FISCAL YEAR 2011 REDUCTIONS

State Cooperative Extension Service Trust & Cook County Extension

Reduced funding for educational programs about agriculture in Illinois.

Reduced grants to Soil & Water Conservation Districts

Districts administration grant reduced to encourage the merger of county offices to increase efficiency.

FISCAL YEAR 2012 REDUCTIONS

Further Reduction of grants to Soil & Water Conservation Districts to encourage consolidation of districts.

FY '11 reduction did not achieve desired outcome, and a further reduction will be undertaken.

Absorbed bargaining unit personal services increases.

Achieving operational efficiencies in departments allowed the absorption collective bargaining increases without increasing General Revenue Fund appropriations.

FISCAL YEAR 2012 PROGRAM GOALS

Improve permanency outcomes for youth in foster care

DCFS received a federal grant of \$10 million over a five-year period to improve permanency outcomes for youth in foster care. The grant will provide intensive treatment services to children and their families. Specially trained staff will help the family overcome the trauma experienced from the crisis that required DCFS intervention. This program is designed to improve parental involvement in case planning and quickly achieve permanency.

Efficient service delivery

DCFS will improve efficiency of services by maximizing appropriate federally reimbursable services, insuring placement services are provided in the least restrictive setting, and closely managing the caseload to insure permanency benchmarks are met or exceeded.

FISCAL YEAR 2011 REDUCTIONS

No direct service reductions

Reductions in service were not incorporated into the FY11 budget. The agency reduced costs through office consolidations and administrative efficiencies.

Increased federal revenue

The agency secured additional Medicaid and Title IV-E revenue, the primary federal funding stream children's services, to offset the need for service reductions.

FISCAL YEAR 2012 REDUCTIONS

Contract reductions

Reduction of support service contracts to the agency.

Adoption Caseload Reestimate

Children aging out of eligibility for the subsidy reduced the caseload.

FISCAL YEAR 2012 PROGRAM GOALS

Manage Illinois State Parks

The Department is the caretaker of the state's 324 parks, fish, wildlife and natural areas that receive more than 45 million visitors annually. Care and maintenance of these resources is the primary mission of the agency.

Educate the Public

Participation in outdoor education and natural history programs is a constructive means of educating youth on the benefits of outdoor activities and the importance of a healthy environment. The Department curates over 11 million artifacts in state museums and connects with 3.8 million online visitors a year.

Regulation

The Department is an important regulator of Illinois mineral and water resources. It oversees the regulation of mining, oil and gas industries, permits new mines and runs the Abandoned Mined Lands and miner safety programs. It regulates Illinois' Lake Michigan water allocation as well as administering the water supply from Rend, Carlyle and Shelbyville lakes.

FISCAL YEAR 2011 REDUCTIONS

Reduced Grants Program Spending

Eliminated funding to the Wildlife Prairie State Park and the Environmental and Nature Training Institute for Conservation Education program.

Shifted Expenses to Other State Funds

Where possible the department moved expenses to Other State Funds.

FISCAL YEAR 2012 REDUCTIONS

Improving Operational Efficiency

Improved agency efficiency with a focus on using technology to allow the reallocation of resources to core agency operations.

FISCAL YEAR 2012 PROGRAM GOALS

Improving inmate to staff ratios

The Department of Corrections (DOC) will fund five cadet classes in FY12. This effort will help the department improve upon the inmate to staff ratios and reduce overtime expenses. The savings are expected to total \$33M, which is a reduction of nearly 53% expended three years prior.

Utilizing technology for better efficiency and more savings

DOC will be merging 39 different information systems to allow for greater information sharing and efficiency within the department.

FISCAL YEAR 2011 REDUCTIONS

Overtime

DOC recognized a reduction of approximately \$20M in overtime expenses compared to the prior fiscal year.

Medical services

By negotiating with medical service providers and utilizing technology, DOC reduced expenses incurred with the medical services provided to the inmate population by \$3M.

FISCAL YEAR 2012 REDUCTIONS

Non-essential services

DOC eliminated non-essential contracts saving the State \$2.5M.

Operations

DOC replaced high mileage prisoner transport vans with more fuel efficient and safer vehicles. This initiative will save Illinois approximately \$1M annually on repair and maintenance costs.

FISCAL YEAR 2012 PROGRAM GOALS

Implement a mandatory Medicaid only for new applicants to qualify for the Home Services Program, effective July 1, 2011. The Medicaid only standard will apply to new clients, current clients will retain their eligibility and services.

Continue to invest in children and families by maintaining services that provide food, cash assistance and affordable child care to assist families in gaining independence during this period of economic recovery.

Transition programs from the Division of Community Health and Prevention to the Department of Public Health, Department of Juvenile Justice, Department of Children and Family Services and the Illinois Violence Prevention Authority. Programs moving include Healthy Families, Redeploy Illinois, Homeless Youth and violence prevention programs.

FISCAL YEAR 2011 REDUCTIONS

Discretionary spending reductions will be implemented in order to preserve funding services for the most needy. In addition, the Department is implementing procedures to monitor and review client caseload and utilization of services to ensure that eligible clients are receiving the appropriate amount of services. Child Care Program eligibility will be reduced from 200% of the Federal Poverty Level (FPL) to 185% FPL.

DEPARTMENT OF HUMAN SERVICES (CONTINUED)

FISCAL YEAR 2012 REDUCTIONS

Medicaid. The Department will ensure critical services are provided to Medicaid eligible clients and will work with those clients to assist them in applying for and enrolling in Medicaid. In addition the Department will be implementing the requirements of Public Act 96-1501 with respect to eligibility verification and determinations.

Caseload driven programs will have stricter eligibility standards, including Medicaid only for new applicants to the Home Services Program. Effective July 1, 2011, the Child Care Program will implement an enrollment ceiling that would cap the program at 165,000 children per month. On January 1, 2012 the enrollment ceiling will be raised to 170,000 children per month.

FISCAL YEAR 2012 PROGRAM GOALS

Improve health outcomes for Medical Assistance clients.

The department will implement its Integrated Care Program for 40,000 adults with disabilities, and will begin planning for the transition of clients into coordinated care.

Reform the Medical Assistance eligibility verification process.

HFS will work with its partner agencies to issue durable medical cards, implement active redetermination of eligibility for clients, and require applicants to provide proof of a month's worth of income information and residency for eligibility.

FISCAL YEAR 2011 REDUCTIONS

Hospital outlier freeze

The department is recalibrating the reimbursement methodology for hospital services where costs greatly exceed established payment rates.

FISCAL YEAR 2012 REDUCTIONS

Eliminate Illinois Cares Rx Program.

Unlike the vast majority of HFS Medical Assistance Program spending, this program does not qualify for federal Medicaid matching funds, effectively costing twice as much in state resources.

Medical provider rate reductions

The department's Medical Assistance Program budget assumes 6% reimbursement rate reductions for hospitals, nursing, homes, and many non-institutional providers.

FISCAL YEAR 2012 PROGRAM GOALS

Increase surveyor staffing in nursing homes to improve the effectiveness of conducting surveys and investigations. The new staff will be trained to focus on the new resident health and safety requirements in PA 96-1372.

Provide free breast and cervical cancer screenings, diagnostics, follow-up and access to treatment to at-risk women in Illinois.

Operate the AIDS Drug Assistance Program (ADAP) serving Illinois residents who are HIV positive or diagnosed with AIDS and who are at or below 500 percent of the federal poverty level. ADAP provides almost 6,000 clients access to 80 HIV medications that are life sustaining for individuals living with HIV or assists with copayments due to high cost associated with HIV specialty medications.

Integrate programs from the Department of Human Services. Healthy Families Illinois works with expectant and new parents to develop positive parenting skills and avoid behaviors that can make their children vulnerable to abuse and neglect. Homeless shelter and prevention programs provide supportive services and immediate food and shelter to individuals and families that are at imminent risk of being homeless.

FISCAL YEAR 2011 REDUCTIONS

Immunizations and associated outreach was reduced from FY 2010 to FY 2011 by \$500,000.

FISCAL YEAR 2012 PROGRAM GOALS

Increase services to taxpayers.

To increase efficiency, the department plans to implement an electronic filing option for various transaction tax returns and to consolidate these returns with the retailers' occupation tax return. The implementation of the Taxpayer Access Portal (TAP) is the culmination of the update to the department's tax system.

Improve taxpayer accessibility.

The department will provide additional responses to frequently asked questions on the interactive voice response phone system and website, along with increasing the level of access to answer incoming telephone calls during peak periods.

Administer lottery privatization.

The lottery will be engaging the services of a private operations manager allowing the lottery staff to focus on licensing, regulation, claims payment and financial planning. The increase in other state funds is related to the lottery prize payout which is expected to increase due to rising sales.

FISCAL YEAR 2011 REDUCTIONS

Executive Order 10.

Pursuant to Executive Order 10, operational efficiencies were implemented to achieve savings in contractual services and printing by reducing shipping, maintenance and postage expenses.

FISCAL YEAR 2012 PROGRAM GOALS

Deploying Officers Statewide

The Illinois State Police (ISP) will deploy officers statewide to ensure the residents of Illinois are protected at all times. These officers will patrol Illinois' highways, investigate sexual crimes and homicides, and conduct terrorism analysis and Homeland Security training.

FISCAL YEAR 2011 REDUCTIONS

Operations

Through tight fiscal control and monitoring of resources, ISP was able to achieve cost savings in their daily operations.

Sworn Officers

Through an early incentive option, ISP was able to reduce their number of sworn officers by 90.

FISCAL YEAR 2012 REDUCTIONS

Motor Vehicle Expense

Working in conjunction with Central Management Services, ISP reduced forecasted expenditures associated with their motor vehicle fleet. This joint venture has provided the agency with safer and more efficient cars for their officers, while allowing the state to save millions of dollars in repair and maintenance costs.

FISCAL YEAR 2012 PROGRAM GOALS

Achieve the state's top priority

The top budget outcome for FY 2012 Budgeting for Outcomes is "providing a quality education and opportunities for growth and learning for all Illinois students." This will be achieved through reduced administrative costs and a Foundation Level increase of nearly \$150 per student over FY 2011.

Consolidate administrative needs

The creation of the School Administration Consolidation Commission will produce an action plan for streamlining and consolidating administrative functions across the state's public school districts. The Commission will recommend a plan that maximizes resources among the state's school districts and reallocate them from administrative uses to educational purposes that are directly related to student growth and learning.

Support underperforming schools

Lowest Performing Schools - A program designed to help the bottom 80 schools on state assessments scores, including direct intervention, leadership, and support needed to lift the achievement rates.

Early childhood preparedness

Increased focus on Early Childhood Education with Kindergarten Readiness to help prepare the youngest of students for their lifetime of learning. Early Childhood Education was fully restored to the FY 09 funding level.

FISCAL YEAR 2011 REDUCTIONS

Control spending

Contain spending on services such as transportation and reduced general administrative costs of the State Board of Education.

FISCAL YEAR 2012 PROGRAM GOALS

Additional investment into MAP, the state's primary student financial assistance program, will focus on the neediest students in Illinois; those who apply after the deadline has been reached and when funding had previously been unavailable.

Increase to equalization grants will focus on more support for the state's most disadvantaged colleges in order to increase degrees and certificates attained by students. The colleges will remain open-enrollment institutions, and more courses will be offered so students will not be turned away.

Utilize the adult education program will increase the number of students served. These students reap the biggest rewards for the state in social savings and self-sufficiency.

Develop campus-level plans to meet Illinois' completion goals. Work with faculty, employers, and college and university leaders to develop college completion benchmarks, goals, and plans while seeking sufficient, reliable funding to colleges and universities and the delivery of affordable, high quality instruction and student services.

Maximize federal funding opportunities by bidding on federal requests for proposals to perform outreach, oversight, default aversion, loan servicing and/or related functions with payment from the US. Department of Education, as well as expanding a pilot program that has improved the rate at which Chicago Public School students complete the Free Application for Federal Student Aid (FAFSA) to school districts throughout the state.

Develop strategies to help ensure that students who start college or have left college are able to finish: e.g., coordination with DCFS and Juvenile Justice to ensure complementarity of programs, partnership with non-profits focused on degree completion for adult students, exploration of strategies to deliver support services to recipients of ISAC-administered grants and scholarships.
