Expenditures of Federal Financial Relief Related to COVID-19

Since early March, Congress has enacted four pieces of legislation to address the impact of COVID-19:

- 1) Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 — Enacted March 6, 2020
- 2) Families First Coronavirus Response Act (FFCRA) - Enacted March 18, 2020
- 3) Coronavirus Aid, Relief, and Economic Security (CARES) Act - Enacted March 27, 2020
- 4) Paycheck Protection Program and Health Care Enhancement Act — Enacted April 24, 2020

Through these four laws, approximately \$5.5 billion is expected to flow through the state budget to address various needs during fiscal year 2020 and fiscal year 2021. For more details on the programs, please refer to GOMB's [Federal Aid Directed to the State of Illinois for COVID-19 Response](#). Additional awards may be announced by the federal government at a later date.

The largest piece of direct aid came to Illinois through a provision in the CARES Act which created the Coronavirus Relief Fund (CRF) for state and local governments. The State of Illinois received approximately \$3.519 billion directly from the fund to cover the state's necessary expenditures in response to COVID-19 between March 1, 2020 and December 30, 2020. Approximately \$350 million of the allocation had been expended as of June 30, 2020, leaving \$3.2 billion available for fiscal year 2021 purposes, which was fully allocated through fiscal year 2021 appropriations. The CRF money was initially deposited into the state's Disaster Response and Recovery Fund but \$2.7 billion was transferred to the State Coronavirus Urgent Remediation Emergency (CURE) Fund and \$125 million was transferred to the Local CURE Fund prior to July 31, 2020.

The following tables illustrate expenditures from fiscal year 2021 appropriations compared to the federal award amount. In several appropriations, amounts for the enhanced federal awards are combined with other programmatic appropriations and will not directly line up with the COVID-19 response award amount. In some cases, a portion of the award was expended in fiscal year 2020.

Appropriation Line Transfers

Each fiscal year agencies receive individual appropriations from specific funds for specific purposes. Examples of these would be individual appropriations for expenses such as personal services (payroll), equipment, or printing. State statute (30 ILCS 105/13.2) authorizes agencies to transfer up to 2 percent of their aggregate appropriation from one line item to another as long as the appropriations are from the same fund. In a typical year, agencies are prohibited from transferring amounts from the following appropriation line items: personal services, State contributions to the State Employees' Retirement System, retirement contributions paid by the employer, and State contribution for employee group insurance.

Public Act 101-636, effective June 10, 2020, provides state agencies more flexibility for the fiscal year 2021 budget, by allowing aggregate transfers for operational or lump sum expenses of up to 8 percent rather than 2 percent. Section (c-7) of 30 ILCS 105/13.2 eliminates most of the typical limitations for appropriation transfers for fiscal year 2021 as well, with the exception that agencies cannot transfer from grant line item or grant lump sum appropriations. Grant line item and grant lump sum appropriations do not count toward the total 8 percent transfer limit from each fund. Because personal services transfers are authorized in fiscal year 2021, any such transfers must be accompanied by transfers into the corresponding appropriations for employee retirement contributions paid by the employer and for the employer share of the employee contributions required for the retirement system.

For this report, all transfers under this authority that exceed 2 percent are required to be disclosed.
