

STATE OF ILLINOIS
EXECUTIVE OFFICE OF THE GOVERNOR
GOVERNOR'S OFFICE OF MANAGEMENT AND BUDGET

OCTOBER 15, 2020

September 2020 Report to the Legislative Budget Oversight Commission

In accordance with 25 ILCS 10/20, this report contains information regarding revenue and expenditures, statutory transfers, and necessary budget management actions taken by the Office of the Governor, the Governor's Office of Management and Budget, or any state agency. This report also contains information about the expenditure of federal financial relief by State and local governments related to the COVID-19 pandemic.

Year-to-Date General Funds Revenues

See Appendix A for All Funds. Note: final income tax payments for individual and corporate income tax - totaling more than \$1.1 billion - were delayed from April 2020 to July 2020, shifting to FY2021. Sales tax collections in FY 2021 appear to be benefiting from pent up consumer demand carried over from the end of FY 2020.

Expenditures of Federal Financial Relief Related to COVID-19

Since early March, Congress has enacted four pieces of legislation to address the impact of COVID-19:

- 1) Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 — Enacted March 6, 2020
- 2) Families First Coronavirus Response Act (FFCRA) - Enacted March 18, 2020
- 3) Coronavirus Aid, Relief, and Economic Security (CARES) Act - Enacted March 27, 2020
- 4) Paycheck Protection Program and Health Care Enhancement Act — Enacted April 24, 2020

Through these four laws, approximately \$5.5 billion is expected to flow through the state budget to address various needs during fiscal year 2020 and fiscal year 2021. For more details on the programs, please refer to GOMB's [Federal Aid Directed to the State of Illinois for COVID-19 Response](#). Additional awards may be announced by the federal government at a later date.

The largest piece of direct aid came to Illinois through a provision in the CARES Act which created the Coronavirus Relief Fund (CRF) for state and local governments. The State of Illinois received just over \$3.519 billion directly from the fund to cover the state's necessary incurred expenditures in response to COVID-19 between March 1, 2020 and December 30, 2020. Funds can be used for goods or services where the performance or delivery occurred in this timeframe, even if the payment occurs after the end of the timeframe. Approximately \$350 million of the allocation had been expended as of June 30, 2020, leaving \$3.2 billion available for fiscal year 2021 purposes, which was fully allocated through fiscal year 2021 appropriations. The CRF money was initially deposited into the state's Disaster Response and Recovery Fund but \$2.7 billion was transferred to the State Coronavirus Urgent Remediation Emergency (CURE) Fund and \$125 million was transferred to the Local CURE Fund prior to July 31, 2020.

The following tables illustrate expenditures from fiscal year 2021 appropriations compared to the federal award amount. In several appropriations, amounts for the enhanced federal awards are combined with other programmatic appropriations and will not directly line up with the COVID-19 response award amount.

Appropriation Line Transfers

Each fiscal year agencies receive individual appropriations from specific funds for specific purposes. Examples of these would be individual appropriations for expenses such as personal services (payroll), equipment, or printing. State statute (30 ILCS 105/13.2) authorizes agencies to transfer up to 2 percent of their aggregate appropriation from one line item to another as long as the appropriations are from the same fund. In a typical year, agencies are prohibited from transferring amounts from the following appropriation line items: personal services, State contributions to the State Employees' Retirement System, retirement contributions paid by the employer, and State contribution for employee group insurance.

Public Act 101-636, effective June 10, 2020, provides state agencies more flexibility for the fiscal year 2021 budget, by allowing aggregate transfers for operational or lump sum expenses of up to 8 percent rather than 2 percent. Section (c-7) of 30 ILCS 105/13.2 eliminates most of the typical limitations for appropriation transfers for fiscal year 2021 as well, with the exception that agencies cannot transfer from grant line item or grant lump sum appropriations. Grant line item and grant lump sum appropriations do not count toward the total 8 percent transfer limit from each fund. Because personal services transfers are authorized in fiscal year 2021, any such transfers must be accompanied by transfers into the corresponding appropriations for employee retirement contributions paid by the employer and for the employer share of the employee contributions required for the retirement system.

For this report, all transfers under this authority that exceed 2 percent are required to be disclosed.

Fund Transfers

Authority for transfers between funds exists in statute in a variety of forms. Statute dictates the amounts, the timing, the initiating agency, and any other aspects necessary. The table below outlines those transfers that are initiated by the Office of the Governor and the Governor's Office of Management and Budget. All other transfers initiated by agencies under the Governor are included in Appendix C.

Current Budget Management Actions

Hiring Freeze: Effective April 6, 2020, all non-essential hiring was frozen until further notice.

Travel Restrictions: Effective March 13, 2020, all forms of travel that are not mission essential to the operations of a state agency were cancelled or put on hold indefinitely.

Examples of allowable travel that are mission essential to agency operations are as follows:

- Department of Children and Family Services investigations, follow-up on youth in care.
- Testifying in a court case or replying to a subpoena.
- Mandated training for public safety or health related job functions.
- Police and emergency services personnel on duty, including medical transport.

Other Spending Controls: In September 2020, state agencies were asked to identify possible 5 percent reserves in General Fund and Other State Fund appropriations. Those proposals are under review by the Governor's Office of Management and Budget.

Appendix D - Legislative Budget Oversight Commission Legislation

(25 ILCS 10/20)

Sec. 20. Legislative Budget Oversight Commission.

(a) The General Assembly hereby finds and declares that the State is confronted with an unprecedented fiscal crisis. In light of this crisis, and the challenges it presents for the budgeting process, the General Assembly hereby establishes the Legislative Budget Oversight Commission. The purpose of the Commission is: to monitor budget management actions taken by the Office of the Governor or Governor's Office of Management and Budget; and to oversee the distribution and expenditure of federal financial relief for State and local governments related to the COVID-19 pandemic.

(b) At the request of the Commission, units of local governments shall report to the Commission on the status and distribution of federal CARES money and any other federal financial relief related to the COVID-19 pandemic.

(c) In anticipation of constantly changing and unpredictable economic circumstances, the Commission will provide a means for the Governor's Office and the General Assembly to maintain open communication about necessary budget management actions during these unprecedented times. Beginning August 15, 2020, the Governor's Office of Management and Budget shall submit a monthly written report to the Commission reporting any budget management actions taken by the Office of the Governor, Governor's Office of Management and Budget, or any State agency. On a quarterly basis, the Governor or his or her designee shall give a report to the Commission. The report shall be given either in person or by telephonic or videoconferencing means. The report shall include:

- (1) any budget management actions taken by the Office of the Governor, Governor's Office of Management and Budget, or any agency or board under the Office of the Governor in the prior quarter;
- (2) year-to-date revenues as compared to anticipated revenues; and
- (3) year-to-date expenditures as compared to the Fiscal Year 2021 budget as enacted.

(d) The Legislative Budget Oversight Commission shall consist of the following members:

- (1) 7 members of the House of Representatives appointed by the Speaker of the House of Representatives;
- (2) 7 members of the Senate appointed by the Senate President;
- (3) 4 members of the House of Representatives appointed by the Minority Leader of the House of Representatives; and
- (4) 4 members of the Senate appointed by the Senate Minority Leader.

(e) The Speaker of the House of Representatives and the Senate President shall each appoint one member of the Commission to serve as a co-chair. The members of the Commission shall serve without compensation.

(f) As used in this Section:

"Budget management action" means any transfer between appropriation lines exceeding 2%, fund transfer, designation of appropriation lines as reserve, or any other discretionary action taken with regard to the Fiscal Year 2021 budget as enacted;

"State agency" means all officers, boards, commissions, departments, and agencies created by the Constitution, by law, by Executive Order, or by order of the Governor in the Executive Branch, other than the Offices of the Attorney General, Secretary of State, Comptroller, or Treasurer.

(g) This Section is repealed July 1, 2021.
