Government Advertising Spending Transparency Report
Governor's Office of Management and Budget
July 1, 2025 – June 30, 2026

Date: 10/1/2026

To: Illinois General Assembly

Background:

The Government Advertising Spending Transparency Act requires each State agency to report the amount and distribution of its advertising spending to the General Assembly and post the report on its website. The report must include details on the overall amount of advertising spending, the name(s) of each advertising vendor that received contracts from the agency, the type of entity that received the advertising spending, and the general subject matter of the advertising placement.

Advertising spending was gathered using the expenses processed to Illinois State Comptroller Detail Object Code 1273 which includes "***charges for advertising and the publication of official legal notices.***" Below are details on the most recently completed fiscal year spending for the Governor's Office of Management and Budget

Questions about the report can be directed to Layla McLean at 217-782-2073 or Layla.mclean@illinois.gov
