

Our Office

The Governor's Office of Management and Budget (GOMB) prepares the Governor's annual state budget and advises the Governor on the availability of revenues and the allocation of those resources to agency programs. GOMB is created in the executive office of the Governor, and is headed by a Director, appointed by the Governor. GOMB also issues general obligations and Build Illinois bonds, manages the state's capital program, analyzes state agency programs and budgets and evaluates personnel and operating needs. The major areas of review are education, health and social services, public assistance, debt management, public safety and the environment.

GOMB is responsible for statewide implementation of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance, 2 CFR 200), the Grant Accountability and Transparency Act (GATA), and Budgeting for Results (BFR). GOMB also supports the BFR Commission, which provides guidance on a statewide framework for state agencies to report performance data.

Through its Single Audit Unit, GOMB will facilitate the administration of the statewide Single Audit required under federal Uniform Guidance. The unit is responsible for coordinating the Single Audit; preparing the statewide Schedule of Expenditures of Federal Awards (SEFA), including the Supplemental Report of Federal Expenditures by Agency/Program/Fund; and submitting the statewide Single Audit and SEFA to the Federal Audit Clearinghouse.

GOMB will oversee the coordination and transition from an agency-level to a statewide-level financial audit of the State of Illinois' Annual Comprehensive Financial Report (ACFR) for the Governor's agencies.

GOMB employs approximately 60 full-time employees. Employees work in either the Stratton Building in Springfield or the State of Illinois Building in Chicago. GOMB's operating Budget for fiscal year 2026 is \$644,263,400.
