#### Expenditures of Federal Financial Relief Related to COVID-19

In 2020 and 2021, Congress enacted six pieces of legislation to address the impact of COVID-19:

- 1) Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 Enacted March 6, 2020
- 2) Families First Coronavirus Response Act (FFCRA) Enacted March 18, 2020
- 3) Coronavirus Aid, Relief, and Economic Security (CARES) Act Enacted March 27, 2020
- 4) Paycheck Protection Program and Health Care Enhancement Act Enacted April 24, 2020
- 5) Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) Enacted December 27, 2020
- 6) American Rescue Plan Act of 2021 (ARPA) Enacted March 11, 2021

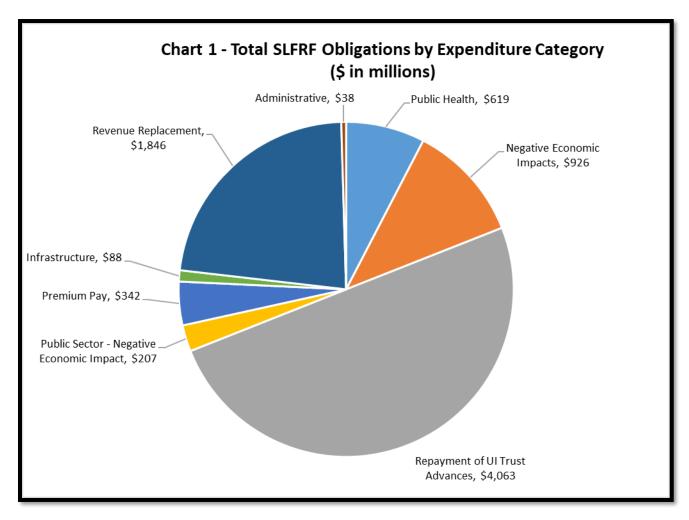

According to estimates from Federal Funds Information for States (FFIS), through these six laws approximately \$52 billion is expected to be directed to Illinois state and local governments (including counties, cities, universities and mass transit districts) and healthcare providers to address COVID-19 response needs. This amount does not include federal assistance programs such as stimulus checks to households, unemployment insurance assistance for individuals, and the Paycheck Protection Program for small businesses.

A large sum of direct aid came to Illinois through a provision in the CARES Act which created the Coronavirus Relief Fund (CRF) for state and local governments. Illinois' share after direct allocations to local governments was \$3.519 billion to cover the state's necessary incurred expenditures in response to COVID-19 between March 1, 2020, and December 30, 2021. Funds were used for agency operational response costs, grants to healthcare providers, rental assistance, grants to small businesses and childcare providers, and grants to local governments. The Coronavirus Relief Fund has been fully expended.

To ensure Illinois fully expended its ARPA/State and Local Fiscal Recovery Funds (SLFRF) \$8.128 billion allocation within the allowed timeframe set by the federal government, state payments made with State moneys in fiscal year 2023 that satisfy federal SLFRF requirements were substituted for authorized appropriations that had not yet spent out. State funds to honor the original appropriations were then authorized in the fiscal year 2024 budget to continue to meet those obligations. Consistent with federal reporting guidance, another \$1.363 billion of SLFRF was allocated to repaying Title XII advances to the Illinois Unemployment Insurance Trust Fund, bringing total support of the fund to just over \$4 billion, and \$1.8 billion was utilized for revenue replacement support of government services, approximately \$300 million above previously planned amounts. To accomplish the above, two transfers – a \$1.362 billion transfer from the State CURE Fund to the General Revenue Fund and a \$300.3 million transfer from the State CURE Fund to the Essential Government Service Support Fund — were executed. Separately, pursuant to P.A. 103-0008, \$424 million was transferred to the Build Illinois Bond Fund and \$938.6 million to the State CURE Fund to support the appropriations from those accounts in the fiscal year 2024 budget.

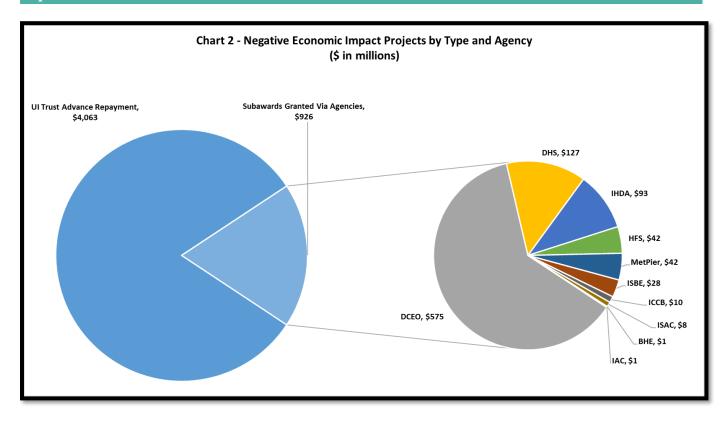

#### Expenditures of Federal Financial Relief Related to COVID-19

Chart 1 and the accompanying table illustrate spending of the State's allocation from SLFRF to provide COVID-19 relief by major category. In several categories, amounts for the enhanced federal awards are combined and will not directly line up with COVID-19 response award amounts. Chart 2 illustrates a breakdown of subawards for negative economic impact projects by agency. These projects are being managed by state agencies to promote a strong and equitable recovery from COVID-19. As of November 31st, 2023, the state has funded 117 projects with total adopted budget of \$926 million.
